13	Detailed Report	<p>Mathematics Association conducted an Extension activity, wherein, students along with all faculties, visited the Cottolengo Special School, Fort Kochi. The school acclimatizes the method of educating students who necessitate special requirements in a manner that speaks to their individual disparities and desires. The Children were prepped regarding our arrival. Students and members of the faculty conducted entertaining programs and interacted with the residents. Children enthusiastically took part in this event and all children were given gifts and H.O.D handed over the donation to the authorities of the school. The residents were</p>

		<p>very cooperative and joined our students in putting on a show. The effort taken by the faculty members and the students in our department paid off and the event was a success.</p>
